

There's nothing so bad for a cough as coughing. There's nothing so good for a cough as Ayer's Cherry Pectoral.

## Ayer's Cherry Pectoral

It is a carefully prepared, accurately compounded medicine for all diseases of the throat and lungs. It contains strong and active ingredients, such as are extensively prescribed by the medical profession. It is the oldest, strongest, and best medicine for coughs and colds you can possibly buy.

Accept no cheap and worthless substitute. Be sure you get Ayer's Cherry Pectoral. It contains no narcotic or poison of any kind.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

## PURE PREPARED PAINT

There is no other paint that is so pure, so lasting, so beautiful, or so economical in the long run.

Have your house painted with W. P. Fuller & Co.'s Pure Prepared Paint, and it will look well long after other paints peel and look shabby.

Let us see you about it.

DOGS AND HUMAN LIFE. Muzzling is not agreeable to owners of dogs and doubtless not to the dogs, but as between this and the death of a human being in one of the most horrible forms yet revealed there can hardly be a moment's hesitation. Friends of dogs must expect to take a back seat in the presence of friends of mankind. —Richmond Times-Dispatch.

## HILO'S SIDE OF THE BASEBALL ROW

HONOLULU UNDER A MISAPPREHENSION AS TO THE TERMS OFFERED, SAYS THE HERALD—HILO'S OFFER WAS TO PLAY FREE BUT WANTED THE GROUNDS TO BE PAID FOR OUT OF GAME.

The Hawaii Herald's daily of August 1 publishes the following wireless and explanatory matter: Honolulu, August 1.—The Santa Clara team of baseball players shies at Hilo's magnificent offer of Seventy-five dollars for the use of the Baseball grounds and will not play in the Crescent City.

It would seem that Honolulu is under a misapprehension in regard to the Santa Clara Ball game, as no offer of \$75 to play here was made. On July 21, C. J. Falk wrote to Mr. W. S. Wise that "he wished to give the Santa Clara team an opportunity to see Kilauea." Mr. Falk then asked if Hilo could not arrange to pay their expenses to and from Hilo and the Volcano and return (12 in the party) and reimburse from the receipts of a game to be played with a team in Hilo.

Mr. Wise then sent a wireless saying that a picked nine would play Santa Clara on August 6; that the grounds cost \$50, or 25 per cent of the receipts, advising acceptance of the latter. After all expenses were paid, Santa Clara to receive the balance.

## GAINTS LINE UP FOR MAUI

TIDY ARRAY OF TENNIS TALENT TO DESCEND UPON PUUNENE, MAUI.

What will consider itself a triumphal procession will get away from Honolulu aboard the fast and furious steamships Mikahala and Mauna Kea next week to descend upon Puunene, Maui, for Flag Day, August 12, with polo paraphernalia and tennis trappings and a great day, whoever comes out on top, will be the record. Time enough to consider triumphs on the return, tho the Honolulu sports have no idea of coming back with anything that spells defeat.

Already have a good number made known to the local sporting world that they are out for the Maui doings and by the time the steamers slip their moorings there will probably be a great many more who will come up with the steamship fare and a mattress.

Throw your eye over the following roll of fame in the tennis firmament and gloat with glee at the prospect of what ructions these giants of the racket will raise over on Maui: There's J. P. Cooke to start with, a fancy man with the one-handed hand and an artist when it comes to pre-tidgitating fur-coated globules over the mosquito net.

And John Waterhouse! There's a tennis stunter to swear by; and the graceful Anderson, D. W. Anderson, with C. G. Bockus for your betting money. Captain E. H. Humphrey can play a little himself if it must be known and Harold Castle is not so awkward.

W. P. Roth has been heard of before this in tennis fiestas and will doubtless have his name mentioned again before Maui has seen the last of him. Sidney M. Ballou has a way all his own and has carefully studied the psychology of tennis from its inception in mortal mind, through the Elizabethan era and right up to the present stage of the game. R. D. Mead finds relaxation from legal commotions in the gentle but perspiring art of dallying the sphere with a bounce-fan, and F. E. Steere, always alive to anything athletic, has made his reputation. Cooke and Waterhouse, Anderson and Bockus, Humphrey and Castle, Roth and Ballou, and Steere and Mead are the doubles who will play in the tournament. Now in regard to entertainment! Whoever figures in the grand advance on Maui will forget all about fleets and volcanoes and politics. There will be one immense concentration of energy and attention on making Twelfth Night or rather August 12 and the contiguous hours what it deserves to be, a big ceremony of games and jubilation of the upper ten order. The Hawaiian Commercial and Sugar Company plays Santa Claus. The Baldwin's have constructed the preparations and there will be regulation Baldwin entertainment, the same

To this, Falk replied by wireless: "Will accept 75 per cent gross. Answer."

In a letter dated July 28, Mr. Falk again referred to the fact that the Honolulu team wished to give the Santa Clara the trip and asked for the grounds gratis for one game, after deducting necessary ground expenses. This the Hilo League could not do as the ground belongs to the Volcano Stables and Transportation Co. Mr. Falk also said that the Honolulu League was under the expense of \$6,000 for the combined teams (Santa Clara and Kelos presumably and not out of the woods, but he hoped that the game played at Hilo would almost cover the expense of the team here.

Then Mr. Wise sent another wireless: "ground cost \$50, other expenses about \$25. You may have balance."

In reply came Falk's message cutting out Hilo. The Hilo boys were willing to play without getting a cent, and to lend their bats, masks and other paraphernalia. Not having control of the ground they could not offer it gratuitously to the Santa Clara visitors.

which needs no road map to delineate or any encyclopedia to designate.

The flagship of the between-islands fleet, the Mauna Kea, will approach McGregor's landing next Tuesday afternoon and the Baldwin's have made arrangements for gas-machines to meet the visitors who arrive on that early steamer. The Inter-Island has posted a ten-dollar round-trip price for the affair and tickets may be used for return on the Mikahala or the Claudine.

Following the tennis tournament on Wednesday there will be a dance in the large barn at Puunene, imported

## SUPERVISORS WILL INVESTIGATE IAUKEA

AFTER SOME OBJECTION BUT NO CONTRARY VOTE THE PROPOSAL OF CHAIRMAN HUSTACE FOR INVESTIGATION OF THE ISOI BRIBERY MATTER IS REFERRED TO A SPECIAL COMMITTEE TO REPORT ON WEDNESDAY NEXT.

A committee of three was appointed by the Board of Supervisors last night to investigate the conduct of Sheriff Iaukea with regard to the alleged attempt of Isoli to bribe him. Fern, Archer and Kealoha are the committee with instructions to report on Wednesday next.

Archer and Harvey had made objections to Chairman Hustace's proposal of investigation, Archer thinking it was only the Japanese who should be investigated and Harvey that the Board should not butt in while the Attorney General was acting, but none of the members voted against it.

Hustace would not entertain a request from Promotion Secretary Wood that Punchbowl drive be repaired, saying the county had too little money for roads to the people's homes without building pleasure drives. Harvey objected to the appropriation of \$300 for the purchase of a theodolite for the county engineer, but it passed by a vote of four to one. The objector said he could get as good an engineer as Gere for one hundred dollars less than his monthly salary of \$225, and Archer obtained an apology

from the chair for having charged certain members with always blocking requests from the engineer.

Clem Quinn appeared to advocate a road in Palolo valley, where a number of residents did not have safe access to their homes. He was told by the chair that a lack of agreement among themselves, Quinn being one of the kickers, had prevented the building of the desired road. Quinn warmly denied that he was a kicker. The matter was referred to the committee on roads.

David Watson was appointed pound-master for Koolauloa without salary and \$50 appropriated to build a pound. The \$5000 bond of Road Supervisor Cummins was approved.

Requests for more lights on Punchbowl street and Makee road were referred to committee. County Treasurer Trent's report for July was received, showing: Receipts, \$134,870.92; disbursements, \$38,316.08; cash on hand, \$96,557.84. Road tax, cash July 1 and receipts, in special deposits amounted to \$32,254.21, payments were \$6082.28 and cash July 1 was \$26,171.93.

## Honolulu players furnishing the melody.

For Thursday there will be a half holiday for the plantations in the Pauene district, so that polo may be taken in by the whole countryside.

## VICTIMS OF BASE BALL.

PITTSBURG, July 18.—The game of base ball has been responsible for six deaths in Pittsburgh and its suburbs during the past three months. A seven-months-old babe, Andrew Luksis, son of a miner living at the Elkhorn mining settlement, is the latest victim. The babe, in charge of a sister, was in a field where older boys were playing ball about a month ago, when a thrown ball struck him on the head. He died from his injuries yesterday. The coroner has investigated all of the deaths.

## SEASIDE HOTEL TO HAVE BAND CONCERT

There will be a public moonlight band concert this evening at 7:30 at the Honolulu Seaside Hotel.

## PART I.

## PART II.

Vocal—Hawaiian Songs, Ar. by Berger  
Selection—"My Old Kentucky Home"  
"Dalbey  
(a) Oriental Patrol: "Halimar" Banta  
(b) Dance: "The Dervishes" Bendix  
Waltz—"The Merry Widow" Lehar  
"The Star Spangled Banner."

# 1909 Four-Cylinder STEVENS-DURYEA MODEL X

In bringing out this new model we do not in any way retract any claims that we have made for the six-cylinder car, which we are firmly convinced is the highest type of automobile construction. In response to a demand for a larger and roomier car than our twenty horsepower, four-cylinder Model R, and more moderate in price than our Light Six, we have produced the Model X. This model supplies a demand for a four-cylinder car a little larger and more powerful than the Model R, which has been discontinued. The owner of the Model X can feel that the well-known features of the Model R are embodied in his car, together with the advantages of more room and power. In brief, the Model X is an enlargement and refinement of the Model R, representing the most advanced ideas in automobile designs, together with Stevens-Duryea construction and workmanship, which have been proven absolutely correct.

## The Unit Power Plant AND Three-Points Support

This construction, which has made the name "Stevens-Duryea" synonymous with motor car efficiency, is retained. Stevens-Duryea cars were built on correct principles in the beginning, and at no time have any radical changes been made in their design.
